ABOUT THE ALLIANCE

The Teaching for Democracy Alliance consists of organizations working together to equip teachers and administrators to talk about elections & voting in a safe, productive and educational way to provide students with long-term civic engagement tools. The Teaching for Democracy Alliance is leveraging existing, high quality materials for professional development opportunities for teachers. The alliance was established as a strong collective voice for democratic learning to better equip teachers to bring practical democracy lessons to their students, especially in a tense political year.

CORE PRINCIPLES OF THE ALLIANCE

• An informed citizenry is important and can be cultivated early through civic learning.
• All students need access to opportunities to learn about core democratic processes like elections and voting.
• A variety of high quality and culturally relevant resources are needed to reach all teachers and students, and
• It’s important for student learning to acknowledge political actors to model democratic practice.

CHECKLIST FOR SCHOOL AND DISTRICT LEADERS

Identify

Determine a point person on your staff who can coordinate school/district efforts and develop a working group that includes students at each grade level. This person can find out about what has been done at the school or district in the past related to local, state, and national elections.

Discuss

Talk with your Social Studies and ELA teachers about which best practices they have previously implemented and what resources might be needed in order for them to implement additional best practices.

Assess

Complete the Teaching about Elections & Voting Self-Assessment Matrix with a group of social studies and ELA teachers to determine how many best practices (i.e. columns) your school/district is implementing with respect to elections and voting and how broadly.

Plan

As a school/district develop a plan for including at least one more column of the matrix in your election-related activities.

Engage Community

Connect with local youth and civic organizations to identify any existing resources or support, as well as feedback on your plan.

Implement

Execute the plan. Share a version with us (abby.kiesa@tufts.edu) and we may post it as an example to the Alliance website.
